

Dear family, brothers and sisters in Christ,

In Canada we just celebrated Thanksgiving Day. We have so much to be grateful for: our family, friends and coworkers. The highlight is the celebration of our mission, CEM's 50th anniversary. We attended the missionary retreat and the celebration of all believers in Thailand where our mission work started. We're reminded that because Mr. Kwok's willingness to reach out to the people in Northern Thailand brings them to the saving grace of Jesus. Then God sent a young man, Calvin Chu, our General Director to help him in this endeavor. God is faithful in bringing missionaries to serve in Thailand and now we have 42 missionaries in 14 countries.

It's amazing to see different members from all churches in Thailand and coworkers and missionaries from all different countries to celebrate the 50th anniversary. The other highlight is to be able to visit our second home in Cambodia for a week. So great to see friends and meet new people in our church. Joseph was able to go with the team to see the possible work in Takeo province. Before coming back to Canada, we took the opportunity to visit friends in Taiwan. Many memories and fun times together!

Thanks for your support and prayers for us personally and our church in Phnom Penh. Please continue to praise God and remember our prayer requests.

Praise items:

- Thank God for His grace, which has established the missionary work of the China Evangelistic Mission over the past 50 years.
- During our week in Cambodia, we had the opportunity to meet with members of Living Stone Church and visit unbelieving families in Takeo Province. We were deeply grateful to see some of the members of Living Stone Church grow in the Lord. After visiting 10 homes in Takeo Province, nine people received Jesus as their savior.
- We also had the opportunity to visit supporters in Taipei and Kaohsiung. We traveled throughout Taiwan.

Pray Requests:

- For a full recovery from the flu, we contracted in Thailand. Pray that the Lord protects us from the virus in Calgary.
- Pray for Udom's ministries in our church after he graduates from Bible school this month.
- Pray for our outreach in Takeo Province, following up with new believers. We need a meeting place for our new work in Takeo Province.

In Him,
Joseph and Liza Ng
